To whom this may concern,

Derrick Newman has been employed with A.J. Drury for approximately the last four years. In this time he has successfully completed his Apprenticeship in Carpentry and proven himself to be a hard working, reliable and positive component of the operation. Derrick has worked on site with duties including layout, formwork, framing and finishing also manufacturing and installation of custom millwork and cabinetry. We strive to give our employees a well-rounded and diverse experience to aid in their development and encourage them to pass on the Trade in turn.

On a personal note Derrick has been positive and upbeat a pleasure to work with, I am personally sorry to see him go. I consider him to be a friend of mine and wish him well in his future endeavours. Do not hesitate to give me a call should you require any further information.

Cheers,

Alex Zarin
